PAID STUDY – Must be 18 years or older

Name of study: Decision making study

Purpose of study: To understand how the brain works when we make decisions

Name of experimenter: Hui-Kuan Chung
Name of faculty supervisor: Paul Glimcher
Name of Department: Center for Neural Science
Location of study: MRI Suite, Room 156B, 6 Washington Place

Specific requirements: Must not have metal in or on body that cannot be removed; must not be pregnant; and must be at least 18 years of age to participate.

Type of activity: Magnetic Resonance Imaging (MRI), viewing and responding to visual stimuli, choosing between different options, like money, food, or goods, and completing some surveys.

Number of Sessions and approximate length of time for each session: 1-2 sessions, about 1 hour for each session

Payment: fMRI Scanning - $30/hr + task earnings
