NEW YORK UNIVERSITY
DEPARTMENT OF PSYCHOLOGY

PAID STUDY -- Must be 18 years or older.

Name of study: "MEG Investigation of Language Comprehension"

Purpose of study: This study is designed to investigate brain responses to language, via presentation of sounds, images and words.

Name of experimenter: Dr. Liina Pylkkänen, NYU Department of Psychology

Location of study: KIT/NYU MEG LAB, 6 Washington Place, Room 284

Specific requirements: You must be:
At least 18 years old
Right-handed
A native English speaker (English is your first language)
No non-removable metal embedded in or on your body
No linguistic or neurological impairments

Type of activity: You will be presented with sounds, images, or words either on the screen in front of you or via earphones. You will then respond with a button press/naming response after presentation of any of the following:
• Word or non-word
• Natural or non-natural English sentence
• Simple image

Approximate length: Up to 2 hours

Remuneration: $15 per hour
