PAID BEHAVIORAL STUDY – Must be 18 years or older

Name of study: The Neural Basis of Valuation in Decision-Making

Purpose of study: To understand how the brain values and selects options during decision-making

Name of experimenter: Kenway Louie, M.D. Ph.D.
Name of faculty supervisor: Professor Paul Glimcher
Name of Department: Center for Neural Science
Location of study: Room 910, 4 Washington Place
or
Center for Experimental Social Science, 5th Floor, 19 W 4th St.

Specific requirements: Must be at least 18 years of age to participate. Must not be on a strict diet or diabetic. Make choices between different kinds of reward-associated visual stimuli, snack food items, or consumer good items.

Type of activity: Valuation and Decision Making

Number of Sessions: 1 session
Approximate time per session: approximately 2 hours

Payment: Monetary compensation plus possible choice item rewards
