Revised December 08

**Parental/Guardian Permission Form for Department Pool Participants Earning Credit**

Your child, \_\_\_\_\_, is invited to take part in a study named *Graduate Student Evaluation*. The study is designed to learn more about what kinds of information are most helpful in evaluating graduate students. It is being conducted by Suzette Caleo, who is the principal investigator, as part of her graduate training. The faculty sponsor of this work is Professor Madeline Heilman, who is in the Department of Psychology.

If you give permission for your child to be in this study, he/she will be asked to review the portfolio of a graduate student and provide his/her impressions about the student in a questionnaire. Your child's participation will take 30 minutes, and he or she will receive 0.5 credits for laboratory participation towards the course research requirement. When your child completes the study, a thorough verbal and written explanation of it will be given to him/her.

There are no known risks associated with your child's participation in this research beyond those of everyday life. Although your child will receive no direct benefits for participation in this study, it may make him or her more aware of how knowledge is discovered in psychology and help the investigator better understand performance evaluation and impression formation in academic settings.

Taking part in this study is voluntary. Not taking part or withdrawing after the study has begun will not affect your child's grade or academic standing in any way. If your child withdraws at any time, no credit but also no penalty will be given. Your child has the right to skip or not answer any questions he or she prefers not to answer.

Confidentiality of your child's research records will be strictly maintained by not collecting any identifying information. The data from the study will be kept until 5 years after publication, as recommended by the American Psychological Association. When it is destroyed, this will be done by shredding.

If there is anything about the study or taking part in it that is unclear or that you do not understand, if you have questions or wish to report a research-related problem, you may contact the principal investigator, Suzette Caleo, at (212) 998-7750, [suzette.caleo@nyu.edu](mailto:suzette.caleo@nyu.edu), 6 Washington Place, Room 764, or the faculty sponsor, Prof. Madeline Heilman, at (212) 998-7813, [madeline.heilman@nyu.edu](mailto:madeline.heilman@nyu.edu), 6 Washington Place, Room 576. For questions about your child's rights as a research participant, you may contact the University Committee on Activities Involving Human Subjects (UCAIHS), NYU, (212) 998-4808 or [ask.humansubjects@nyu.edu](mailto:ask.humansubjects@nyu.edu), 665 Broadway, Suite 804, New York, NY 10012.

*You have received a copy of this permission document to keep.*
