## Parental/Guardian Permission Form for Department Pool Participants Earning Credit

Your child, \_\_\_\_\_, is invited to take part in a study named **Imagination**. The study is designed to learn more about how people interpret information they are exposed to on a daily basis. It is being conducted by Anesu Mandisodza, who is the principal investigator, as part of her graduate training. The faculty sponsor of this work is Yaacov Trope, Department of Psychology.

If you give permission for your child to be in this study, he/she will be asked to complete a mental imagery task on the computer and then answer some questions about his/her experience. Your child's participation will take about one hour, and he or she will receive 1.0 a credit for laboratory participation towards the course research requirement. When your child completes the study, a thorough written explanation of it will be given to him/her.

There are no known risks associated with your child's participation in this research beyond those of everyday life. Although your child will receive no direct benefits for participation in this study, it may make him or her more aware of how knowledge is discovered in psychology and help the investigator better understand how people engage with and interpret information in the daily lives.

Taking part in this study is voluntary. Not taking part or withdrawing after the study has begun will not affect your child's grade or academic standing in any way. If your child withdraws at any time, he or she will still receive the credit offered for taking part. Your child has the right to skip or not answer any questions he or she prefers not to answer.

Confidentiality of your child's research records will be strictly maintained by coding your materials with a random number that will be used for all research purposes following your study session. The data from the study will be kept until 5 years after publication, as recommended by the American Psychological Association, and then destroyed by shredding.

If there is anything about the study or taking part in it that is unclear or that you do not understand, if you have questions or wish to report a research-related problem, you may contact the principal investigator, Anesu Mandisodza at (212) 998-7687, [anesum@nyu.edu](mailto:anesum@nyu.edu), 6 Washington Place, Room 560, or the faculty sponsor, Professor Yaacov Trope, at (212) 998-3897, [yaacov.trope@nyu.edu](mailto:yaacov.trope@nyu.edu), 6 Washington Place, Room 782. For questions about your child's rights as a research participant, you may contact the University Committee on Activities Involving Human Subjects (UCAIHS), NYU, (212) 998-4808 or [ask.humansubjects@nyu.edu](mailto:ask.humansubjects@nyu.edu), 665 Broadway, Suite 804, New York, NY 10012.

*You have received a copy of this permission document to keep.*
